

Financing green projects

Nordic Environment Finance Corporation

NEFCO in brief

The Nordic Environment Finance Corporation (NEFCO) promotes both private and public projects that reduce environmentally harmful emissions and discharges, mitigate eutrophication in the Baltic Sea and combat climate change.

NEFCO finances a wide range of green projects with the aim of generating environmental benefits for the Nordic region and can offer financing for cost-effective green projects globally.

NEFCO is an international financial institution owned by the five Nordic countries: Denmark, Finland, Iceland, Norway and Sweden. The headquarters are in Helsinki, Finland.

NEFCO Head office

Fabianinkatu 34 - P.O. Box 241, FI-00171 - Helsinki, Finland - Tel. +358 (0)10 618 003. www.nefco.org, twitter.com/nefconordic, youtube.com/nefcofinland

Sectors

NEFCO finances a broad spectrum of projects within different industries. Focus sectors are:

- CLEANTECH
- RENEWABLE ENERGY
- CLEANER PRODUCTION
- ENERGY SAVING
- WASTEWATER TREATMENT
- AGRICULTURE
- WASTE MANAGEMENT

Eligibility

All projects financed by NEFCO should satisfy **environmental criteria** and offer quantifiable reductions in emissions or discharges.

NEFCO administers several funds with different eligibility criteria for projects as regards type of project, geographical area and requirement of a Nordic partner.

NEFCO offers:

NEFCO provides financing to private and public projects with positive **environmental impacts** and offers a wide range of financial instruments for **productivity improvements** and **innovation** which foster the environment.

NEFCO also provides an understanding of the financial, legal and business milieu in its operating countries.
